Dear Sir or Ms.

It seems to me that drugs will go on & on till the end of time. Why? Because now body gives a damn. Not the Pres., not the Gov. not the Mayor not the people that run this HUD apartment house.

I have written to Pres. Bush and also to Barbara. And to write to our idiot Gov. Florio. I might as well write to the Devil in Hell.

Today I called our useless Mayor Dix about drugs being sold by a Penna car in Fur Fayer over the week end and he said he would see to it. But again they are (over)

II

right back.

Pres Bush had a good man
Thornberg, but he got rid of
him he sent ~~th~~ him to Penna.
where he lost as they are the
Drug Cabitol of America. Then
he took on the ex Gov. of Fla.
where most of a drugs come from
and came from while he was Gov.

In aybe the big shots like
Florida, Bush and all the other
millionaires are making too much
money, pushing drugs. Because they
do nothing about it.

We have a Local + State
Police here who drive \$250.00
cars dressed like movie stars but
do nothing about crime.
