Betsy Hart of Scripps
Howard. ^{back} She is a preacher -
a hard right wing
ideologue. Her dogmatic
tone, her harangues, her
air of "I'm telling you the
truth," her gestures, her
finger pointing, etc. were so
irritating that my husband
got up and left the room.

We like reasoned arguments
but some people have such
unpleasant personalities that
it's not worth the annoyance
to listen to them.
