

No one has any say as to who the land of Israel belonged to, but God He divided it thousands of years ago, read Exo ch 48, they will try but fail

OCT 05 REC'D

Dear Mr Lamb,

OCT 20 ANS'D

3277-90

Sir I love C Span. we have no other way to get both sides of issues. Mr Lamb, I don't hardly know what to say, for one can never know for sure how the person will take what you say, but sir, if I am any judge of human nature, as I watch each of you people, which I do all the time, I can't tell, but any person who is so kind, and seems to be so understanding of all people, I believe you have to be a Christian, now I am a very old person, I've seen many changes in this world, I am a Christian my self. I study God's word The Bible the King James version, now I'm not asking you to comment on the air on this letter because I don't know if C Span will allow it or not, but I just wanted to say a few things which is very important to the whole world, but since so many don't believe in Jesus Christ God's only Son as the only way a person can go to Heaven, it is very important to all who interested in things going on in the middle East. you see all of this is only fulfilling scripture. God says in His word that this is supposed to be, now what I'm trying to say is to all of these who calls in all the time talking against our thing with Israel, God said any people who curse Israel He would curse them, so since He made the whole world and every one in it, it belongs to Him to do as He pleased when He made it to be, He also choose Israel as His special people, no matter what any one thinks about how He is doing, you see this fucking between Israel and the Arabs thousands of years ago, starting with Abraham, God told Abraham that him and Sarah his wife they would have a son

in their old age they were nearly one hundred years old, and still had no children, but they still believed God, but something happened that God did not plan to them, so they took matters into their own hands, to help God out in His plan, you see God don't need no help, not then nor does He need any to day He knows just what He is doing, and no matter what things are, yes are, going to go as He has planned, do you now see how bad things can get when man tries to help Him out, of course you can, every thing that is now going on in the middle East is what happened way back with Abraham and Sarah his wife, for God promised them a son in their old age, but Sarah got tired of waiting on God so she had a plan to help Him out, some times it takes God a long time to carry His plans out, just look how long it has been since all this took place, and we are seeing the results of it now, but we ant seen nothing yet, this thing is going to get worse and worse untill God's Son comes back to this old wicked world, you see God don't have to hurry He doesn't live in time He deals with eternity, so back to Abraham and Sarah, she told Abraham to take his handmaid an Arab and have a child by her, so he did, her name was Hagar, and the son she had by Abraham was named Ismal now Ismal is the father of the Arab nation, but now here comes the promised son to Abraham and Sarah which God had a purpose for all of His plan of salvation to brought through

and his name was Isaac. Now Isaac had a son named Jacob, which God in latter years renamed Israel here is where the Jew comes from, of course they are God's Chosen people > and the Arabs know this so they hate every Jew on earth and want to destroy every one of them, and have many and will many more before this thing comes to an end, which wait for until Jesus God's Son who died on an old Rugged cross to pay for every person on earth sins which Adam and Eve committed in the Garden of Eden. God gave His Son to pay for all our sins, there is no other way to Heaven only through His Blood He shed there for all who will believe, all of this you see was God's plan for man kind, and He planned for His Son to be born through the tribe of Judah. Jacob Israel's oldest son and He was, Jacob. Israel had twelve sons which God chose to be the heads of the twelve tribes of Israel to day. Now the Arab world and all of their followers, such as Russia the very biggest player in this awful thing that is going to happen over there in the very near future, it is all falling into place just like God planned thousands of years ago. Russia, will attack the U.S.A. this leader of Russia is going along with all of what is happening, but it is only until he gets every thing in place, they have the most and strongest weapons and most up to date ones, they want strike until they get us lulled to sleep and caught off guard which we are right now falling right into their trap, and our president and law makers want wake up until they hit us, and by then it will be too late to strike back

for they will not strike until they know for sure they can cripple us so we can't strike back, for they know if we had a few minutes we could hit back at them, do you see, Russia is going to lead all these Middle East nations into invading this little nation Israel, so if they can knock us off the map first they want have any trouble going into Israel, for they know we are for Israel, that is all Bible prophecy, and it is being fulfilled right in front of our eyes, I am not a Jew but I am a Christian, and I study prophecy, you see all the things that Jesus told His disciples just before He went back to Heaven after His death and resurrection that would happen just before His return in the Rapture for all who accept Him as their Saviour, is right now happening, when He comes for His Bride His Church the saved ones, they will go to be with Him in Heaven for seven years, and during these seven years the old antichrist will be carrying out the great tribulation on their old wicked earth, taking the mark of the beast, God will turn every drop of water on earth into pure blood, the dust will be turned into boiling pitch, nothing but awful suffering in this whole world, for you see God is going to pour His wrath out on people for rejecting His Son's Blood that He gave on an old rugged cross to pay their sin debt, that no one could pay for themselves, so He will throw blood to drink

and after these awful seven years are over Jesus is coming back as King of Kings and Lord of Lords, and He will be riding a beautiful white steed His Robe will be blood red He will be wearing a crown of pure gold this time instead of a crown of thorns, which He wore on the cross. He is coming in beauty and He will be leading His Bride His saved ones all riding on white horses, we watch Him as He fights the last battle ever to be fought, with the Antichrist the devil himself. Jesus wins for us, then He calls one of His angels who has the key to the bottomless pit of hell and throws him and all who have rejected His Son as Savior into this awful place where they will burn for ever and ever they can't burn up nor can they ever get out they will burn through out the endless ages. Jesus then sits up this old world anew nothing of the world for the devil consumed it so He puts it back like He first made it beautiful there we the Christians will live with Jesus through out eternity no end to either place, now if any one wants to know how this thing in the middle East is going to end. this is it

It has been a long time to get us to this point, but He said He was long suffering not willing that any should perish but come to His Son and have everlasting life, but His plan is coming now to an end, if people want to go to Heaven instead of hell Jesus is the only way )
