

November 25, '93

Dear C-span Persons,

For 70 years, I lived in Maryland - my childhood in my grandfather's [REDACTED] house. I grew up on a daily diet of politics. Fascinating, and although I've chosen to live in the mid-west, Quad Cities, Iowa, with one of my eight grown offspring, I never cease to grow society-eyed when Washington, D.C. and environs appears on T.V. So - the splendid, informative Oval Office presentation this Thanksgiving morning was more exciting than any parade or ball game.

When I worked in the State Department in 1971-72, I fell in love with D.C. So many of

the photo of various commemorative library, building transported me far from Davenport.

"My son-in-law who was born in France, became an American Citizen Tuesday, and they read my grandfather's "American's Obed" - so I'm full of nostalgia in a most happy manner.

Thank you and your program for evoking wonderful memories of people and places I love.

Sincerely,

[REDACTED]
Davenport, Iowa
