Dear Sirs:

I am 67 yrs old and retired also watch lots of T.V.; mainly C-Span. I have serious health problems so I work a bit in the yard + rest in between watching C-Span.

Recently Larry King had the Saudi Prince (Saudi ambassador to US) on his show for a full hour. It makes more sense to have some one like this on interview and call in show to enlighten the public. Rather than the "bellyaching" news-people (so called journalist) asking stupid questions. Trying to inflame their ego + win some type of award so they can get a "fat" contract; also to increase the rating of their network.

"I also think its time some one closed down" "Bozdar Pete"; He only serves to spread Saudin Hussain's proppoganda. He's a disgrace!

Thank you
Sincerely
