

Please ask

Dear C. Span

002594 JUL 293

I can't believe

I was once a C. Span
junkie and now I can't
put it on but seldom.

You seldom do news
just garbage.

Every time the President
speaks you let Oak talk
last. Oak isn't the President.
If you don't like ^{Pres} Clinton
that OK with me but
please respect the office.
Your call in Programme
have ruined the country
you all sit there and

let any one that get on
to Lie you know its not
true But you let it go.

Do you know the true
condition of this country?

you let these nuts get on
& talk about how the people
feel. Do you really think
these rock senators know
any people. They mean this
close rock cronies & you
know it.

you know these insiders
didn't do nothing to cut
spending - but you encourage
them to talk about it. I
never asking them about
the previous 12 years

I could stand you being a
Rep. speak after or before the
House But Senator Oak
 after the President of
the U.S.A. what is your
 problem?

all these call in talk
 shows are tearing up the
 country. People (not Washington
 elites) I are so confused
 I have to stay up most
 of the night to hear
 any or most words from
 the President.

He is the man the people
 want to hear

Please have President
 Clinton on in prime time.

Please don't excuse my letter by saying "well the other side say the opposite you can't get out of the truth like that."

we the real people have no news channel now the C, Spou & CKN have become "the Enquerers"

I am angry but I know what I am saying

The few times we hear the President speak you let the Head baskers & talking Head get all on & erase the real talks to keep people confused and [No Hope]

C. Span is not Heaven
 so don't think you are
guied there.

I am not a religious fool
 but I do believe God ==
 take care of his own
 & I believe Pres. Clinton is
 his, how else could he
 had stood the Low
 Punches you guys deal
 him every day.

You was so up on
 Pres Clinton 100 days
 & Love Pres Bush &
 Reagan 12 years.

Come on C. Span give us
 the Real McCoy! Sincerely
