

I like the Moscow news and  
would also like news from  
London ! > It was announced  
in "Save Social Security" & I heard  
one announcement on T.V. that  
the President signed a bill to  
be effective March 1995 - That  
would ~~be~~ "separate" Soc. Sec. -  
What does that entail? I've  
heard no explanation!
