Dear C-Span:

I am one of your greatest fans and find the musical selections you play between programs and as introductions are marvelous. I would appreciate some help in this area.

Every "Roundtable" you present is ended with a "theme song," a piano solo played while the credits are run. What is the name of that selection and who is the artist?

If this information isn't readily available, to whom may I write for the answer? I enjoy this piece very much and would like to add it to my library. Thank you for your help.

Sincerely,
[REDACTED]
