

28 April 94 S.H.E. Day of Thor

C-Span

Though, STRUCTURALLY SPEAKING,  
C-SPAN is 'part of the problem'  
I must acknowledge that to some  
small measure You were 'part of  
the solution' when You telecast  
NGLJA (Nath. Gay-Lesbian Journalist Assoc.)

Such groups (along with [almost] all  
'structural critics of the culture') are, for all  
intents ABSENT from C-SPAN (hence the  
'part of the problem' observation above.)

Without such 'secc's' America's problems  
will remain non-solvable; with them, solutions!!!

Thank You

# THE BIBLE STUDY HOUR

April 8, 1994

Dear Friend of the Ministry:

I have great news! The Bible Study Hour is now heard daily here in the greater Philadelphia area. There's a new Christian station in town -- and it reaches as far north as the Delaware Water Gap, to the west to Reading, to the south near Annapolis and as far east as the Jersey Shore.

You can tune in this week to WPHY, 560 AM at 10:00 am, Monday through Friday to hear The Bible Study Hour. I've enclosed their newest guide so you can see all the programs aired on the station.

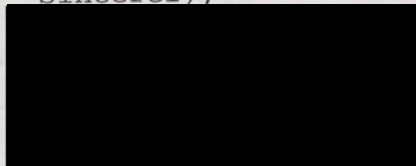

We have a real sense of God's blessing on the work. And we're glad to see the support team building for this new ministry.

In fact, we're starting something new -- just for the listeners of our daily program. It's a Tape-of-the-Month Partnership. And you can become a member by pledging \$20 a month or more. Your gift will help the ministry grow -- and you'll receive helpful Bible-based messages for your own growth.

Plus you'll receive our daily Bible study magazine, *God's Word Today* every month. Our current study is in Romans 14. In addition to the in-depth lessons, you'll have study questions, thoughts for application and prayer suggestions to help you dig deeper into each passage.

I hope you'll tune in this week. And please consider joining the monthly support team.

Sincerely,

P.S. Our first "Tape of The Month" is a special message I gave on "Is God's Word Sufficient for this Age?"
