Thank you. Viewer response is an essential part of C-SPAN's operations.

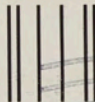

Just a note to express my appreciation for C-SPAN I.

We used to get both C-SPAN I and C-SPAN II. However, earlier this year C-SPAN II was deleted in favor of a station in Wicksburg, a small city north of Sun City.

This was very disappointing and I contacted my local cable station to express my views.

I am still in hopes that my cable company will reinstate C-SPAN II
