with Arlen Specter, (R) Pa.
as guest.

I must say that yours^(C-Span)
is my favorite program
but it is becoming
increasingly difficult to
tolerate some of the irate,
hateful, ignorant callers
who "lay in wait" to
"harpoon" our representatives
or other guests - with which
they don't agree or simply
choose to hate.

Free speech is one thing -
but inciteful, bigoted, &
mean remarks are not
to be tolerated. Surely
you could request
civility of all the
callers - and not affect

their rights of free speech.

Senator Specter was a perfect Gentleman after one moron called from California (I think) and revealed his great ignorance and lack of just plain decency & civility.

I know you can put a stop to this platform for "whackos" and Right wing nuts which are given ^{far} too much leniency.

A loyal, but disgusted viewer.
