Mr. Brian Lamb
C-Span

Dear Mr. Lamb:

C-Span showed hours of
live coverage of Senator Bob
Barry (R) Ga, staged impeachment rally
three days, I believe, before the
Nov 3rd. 1998 elections.

In fairness, would you please
read the enclosed letter over
the air on one of your (or your
co-host) Washington Journal programs?

I have never called into any talk
show or C-Span program. We enjoy
C-Span programs, although they
sometimes show favor to the
Republican party.

O. Impeach

Thank you,

January 1999

1999 is starting off as a great year of significant record breaking historical occurrences.

The stock market is at an all time record high (9600 plus), unemployment at its record low in 41 years (4.3), car and home sales are at tremendous high records, plus for the first time ever the government surplus is at an astounding 76 BILLION dollars, which is amazing in itself. The NASDAQ and Standard & Poors are up dramatically, plus the interest rates are at an all time low. The economy is booming. Plus, crime is down, education is improving and people are hopeful for the first time in years.

The Reagan-Bush era of trickle down economics, we hope, are truly over for good, thank God. Their republican POLICIES of their past twelve years which nearly brought us to economic ruin will not be sorely missed. Their debacle of the Savings & Loans in the 80's was devastating. So, now, why would we want a President George Bush, Jr. as president?

President Bill Clinton is one of the best presidents we have ever had, bar none. His policies and programs have influenced the nation in this economic revitalization, plus he is one of the most popular presidents in modern day history. His job performance ratings (73) are at an all time high, plus the First Lady, Hillary Rodham Clinton's are soaring through the roof. Both attained the title in 1998 for the most admired man and woman of the year. Even the last six years of republican epitomy of hate mongering and endless senseless investigations, which the American people have caught on to and rejected, have not deterred them from their job.

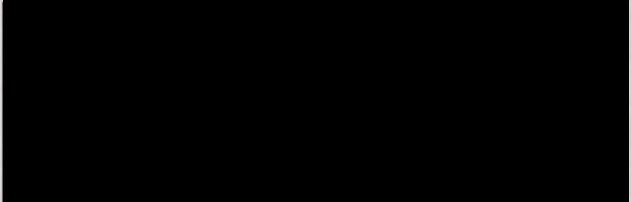

GOP's tactics of division and hate have been the reason the 1998 do-nothing 105 th. congress have failed miserably in their year of duty. To the dismay of millions of the American people they will notably be recognized only as renaming an airport after Ronald Reagan, and the very ugly and partisan way they voted for the impeachment of President Clinton. Henry Hyde (who also had an affair and fathered an illegitimate son) in his vindictive actions to get the president, and put a blot on Clinton's legacy, let the likes of Bob Barr. Ga. and Tom Delay, Tx. and other republican zealots steer him in an unfair rail-roading of the presidents impeachment process. He should be ashamed.

January 1999 - page two

After what has happened to the president in his private life, it has angered the American people and put a fear in them of losing their most cherished freedom, the right to privacy.

It is a shame and outrage that the likes of Ken Starr, The Rutherford Institute (John Whitehead) Judicial Watch (Larry Klayman), Billionair Richard Mellon Scaife, and others, can bankrupt and degrade an American president with phony lawsuits and investigations backed by GOP big bucks.

The president has contritely apologized with sincerity for his sexual misdeeds (which should have been kept private and nobody else's business anyway) to the American people. I think it is high time, we as a nation, apologize to our President, William Jefferson Clinton, our commander in chief. Mr. President, if you could serve another term, we would want you again. Thank you for putting up so admirably with such an ungrateful hate filled nation.
