Dear C-SPAN

I was particularly disappointed and disgusted by your recent presentation from a group proclaiming itself "Accuracy in Media". I called this group to find out if any attempt would be made to balance this presentation from the Gay & Lesbian point of view and was told that "we don't do that." So much for Accuracy.

My gripe with C-Span is not that you aired this program but that coming from you one expects coverage of governmental affairs, Congressional Hearings & Committees. While you very clearly identified the presentation as "Accuracy in Media", you did not indicate that this group was not a government agency or hearing.

There is an overwhelming wealth of information

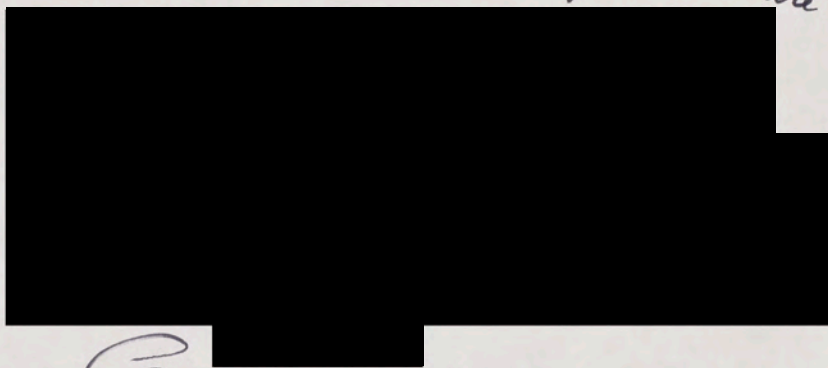

regarding Distortion, Misrepresentation, deliberate  
~~omission~~ omission, slander and unfair ~~and~~ Treatment  
of Gay + Lesbian issues by The media and I  
can refer you to the Gay + Lesbian Ant Defamation  
group which tracks it.

At This Critical Time when the Public  
is watching your network for the reruns of  
the military hearings, you choose to run this  
slick garbage. It leaves the impression that  
C-Span has an agenda.

<sup>Real</sup>  
Since Accuracy in media ~~is~~ Heterosexual issues  
is timely and welcome and since there is  
and has long been a wealth of data on the subject  
which has been ignored, I encourage you to  
present this subject with Fairness. -

The Representative I spoke with from "Accuracy in media"  
(Phone ~~801 737 3220~~) (~~502 333~~ 202 371 6710 referred to  
his group as a quote "Right wing Think Tank" If he

is willing to so characterize his group,  
perhaps you could do as much. (He told  
me he was 'just paid to answer the phone') It  
would be interesting to see if his organization  
has the balls to so characterize themselves and  
to tell us where they get their funding. Who are they?
