Hi Brian,

On a humorous note, I enclose 3 items recently arrived in my mail. Who said this Administration isn't creating jobs and encouraging the entrepreneurial spirit?

On a serious note is the article on Greed, which is often at the root of the world's problems. It touches every aspect of existence. From Politicians thinking only of their re-elections, to the devouring of this planet's resources, lack of compassion and avoidance of willingness to pay taxes.

You hear it, I hear it. The meanness, the hatred, the lies, the fears, being spewed out each day. Each one seemingly incapable of a broader perspective. I hope Americans will wake up ~~B~~ to this fractionalizing and its destructive course. We must have a real change of heart & attitude, with common sense to grasp the big picture. If not, we will have no future. Sincerely,

While providing your friends and associates with incredibly powerful and valuable information that can change their lives and make America prosper, you can also earn Liberty Grants by referring others to our unique publications!

"The Truth Will Set You Free!"

Vultures In Eagle's Clothing proves that, according to rulings of the U.S. Supreme Court, that have never been overturned, 'If you are an American Citizen, living and working within one of the 50 American States, freely exercising your Fundamental Inalienable Right to acquire property (including compensation) by contracting your labor in a lawful profession, the fruits of your labor (your income) is NOT taxable. The writers of the Internal Revenue Code know this. That is why there is NO LAW within the entire Internal Revenue Code making a Citizen living and working in one of the 50 States "liable for", "subject to" or "required to" pay the Income Tax! Vultures in Eagle's Clothing is an impeccably researched book, based upon truth and law. It is a poignant exposé of the Internal Revenue Service's most closely guarded secrets!

It contains the inspiring stories of intelligent and enlightened Citizens who followed the proper legal procedure for volunteering out of the tax system. These are Americans who have stood up to the IRS and WON! They stopped the Internal Revenue Service's misapplication of law in its' tracks! These Citizens have received letters from the IRS saying:

"YOU ARE NO LONGER REQUIRED TO FILE A 1040 FORM"

The IRS is powerless over these free individuals! They cannot be taxed! Their property cannot be seized and they cannot be imprisoned.

Vultures in Eagle's Clothing will empower you with the same priceless knowledge that these educated, free Citizens have. This is vital inside information that many of them paid thousands of dollars to learn. This book will show you how to change your current acquired legal Status of "Voluntarily Enslaved Subject" back to your original natural born Status of "Freeborn Sovereign American Citizen" who, according to the Supreme Court, has the same Rights and prerogatives as The King of England (as long as the Rights of other Sovereigns are not infringed upon). The presumption of law is that "RIGHTS NOT CLAIMED ARE CONSIDERED WAIVED!" This book will show you how to "claim your Rights!"

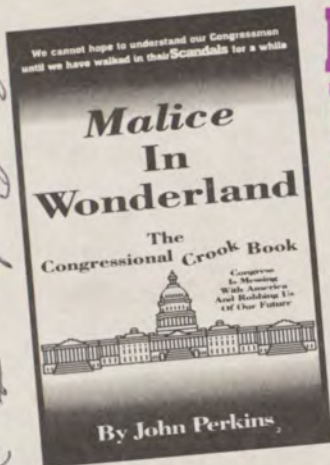

"You have rights antecedent to all earthly governments; rights that cannot be repealed or restrained by human laws; rights derived from the Great Legislator of the Universe."
- John Adams, 2nd United States President

Vultures In Eagle's Clothing also reveals the truth about an organization that one Congressman bravely called "*one of the most corrupt institutions the world has ever seen*," The Federal Reserve. Contrary to popular belief, the Federal Reserve is no more federal than Federal Express. It is privately owned by a select group of, primarily foreign, elitist bankers and it has never been audited. The Federal Reserve has already robbed We The People of almost all of our gold and silver. It has also eroded the value of our dollars through engineered inflation. Research has shown that The Federal Reserve is responsible for the Great Depression and the current Recession. This book explains how America and its Citizens would prosper if the United States government exerted its prerogative to create a debt free (and tax free) unborrowed currency. Currently, 70% of all Individual Income Taxes combined pay for nothing but INTEREST on the compounding Federal Debt!

The Higher Truth

The Higher Truth is a monthly Newsletter that will update Citizens on the most current strategies and developments in the freedom movement and will provide the latest success stories of We The People in our 'peaceful quest for liberty and prosperity! 10% of every \$15 subscription to The Higher Truth will help rehabilitate America's homeless and another 10% will be used to promote positive legislation to free America! We The People, the Sovereign Citizens of America, together with the leadership of God, our Supreme Commander, will, peaceably and within the framework of the law, reclaim our great Country and our wealth from the self-serving elitists who have manipulated away our Rights and taken our property for the past 80 years. We will do this by teaching Citizens their Rights and how to legally exert them. We will also replace corrupt laws with positive new legislation to return America to its original status as the most prosperous nation in the world!

CATOIR

LIGHT ONE CANDLE

Greed

By FATHER JOHN CATOIR

Greed is defined as an excessive passion for money, a passion that can be self-destructive.

Greed is rooted in the fear of not having enough. It is an insecurity that causes spiritual blindness. "The devil rules over those who long for all that passes away." (St. Augustine)

The whole world revolves around money. People slave for it, surrender their freedom for it, and even kill for it. Greed awakens demonic forces which poison the soul, causing one to be selfish and joyless.

Greed is undoubtedly a severe spiritual illness which is progressive. The acquisitive spirit may be mild at the beginning, but one should be concerned because the slippery slope of greed leads to disaster.

When greedy people lose their balance, their craving for more and more reaches fever pitch. They want to protect themselves from some imagined future evil. The fear of poverty and powerlessness generates panic. Money becomes the source of all security and eventually it is worshipped as a kind of god.

This lack of trust in God's providence is the saddest sign of weak faith. Even people who think of themselves as deeply religious are not immune from greed. They have

some faith, but it so extremely weak that it is virtually dead. True faith generates hope, and hope liberates us from needless anxiety about the future.

Those who build their life around the acquisition of wealth tend to postpone joy. Even people who have acquired enough wealth to be comfortable for the rest of their lives, can be so driven by greed that they lost the ability to enjoy in the present moment. What they already possess is taken for granted.

The healing of greed is difficult, but it can be done. To succeed one must put on a childlike spirit. Imagine yourself as a little child bowing before your God making this humble declaration: "Here I am Lord, Your poor little one. One day I will leave behind everything I own. I will come to You naked and penniless. Help me to trust Your love every day of my life."

When you give yourself to God body and soul, you are acknowledging that you will not be saved by any of your possessions, but only by God's saving love and generosity. To be aware of this fact is to be spiritually poor, that state which disposes you to receive God's strength.

On your best day you will be unworthy of God's perfect love, but He loves you nevertheless. Perfect love means perfect forgiveness. You are safe and secure in His love now and always.

This alliance between your poverty and His riches will not only help you to put things in perspective, it will free you from greed and bring you joy and peace. When that happens, you will be liberated from needless worry about worldly possessions, and you will be richer than the wealthiest billionaire.

commission issued a six-page "Pastoral Instruction on Violence and Peace" in which it said that "the narcotics trafficking mafia ... in particular, has bought off or has associated with a significant number of public and military officials."

Mexico's National Defense Secretariat issued a brief statement on June 25 calling

smallest since the Vatican began reporting annual budget figures in the late 1970s. But the Vatican also said the favorable 1992 result was partly attributable to unusual financial events, and voiced concern that the 1993 deficit could jump back up again.

In 1991, the deficit was \$87.5 million.

MOSCOW COUNCIL ORDERS RETURN OF CATHOLIC CHURCH:

Members of the Moscow city council are putting pressure on city administrators to return a suburban Catholic church confiscated nearly 60 years ago by Soviet authorities to Catholic ownership. The council members also said they want greater consideration by the city of grievances of local Catholics.

In a June 22 statement the council officials said they decided to press authorities for the return of Immaculate Conception after the mayor last year vetoed a council eviction order to the current occupant, a state metal factory.

The church was turned over

**SALVADORAN CHURCH
INVESTIGATING ILLEGAL
ADOPTION RACKET:** The Salvadoran church is investigating what a church leader called "slave-like practices" revealed June 19 when a Salvadoran couple was arrested for alleged child trafficking.

Police raided two houses in San Salvador and found six children about to be taken out of the country illegally for adoption by foreign couples.

Atilio Castro Solorzano, 53, and his wife, Arijia Duke de Castro, 40, were arrested and charged with "adoption for illegal payment."

**CHINESE BISHOP CLAIMS
TO HAVE BEEN TRICKED:** Chinese officials reportedly tricked a pro-Vatican bishop into giving up his diocese and elements of his authority by falsely telling him the diocese had been disbanded while he was held in detention.

Bishop Paul Fan Yufei of Zhouzhi, secretly ordained a bishop in 1982 and detained for five months last year, was told that the diocese had been

basic adjustments since the bishops' conference cut its annual allotment of \$40,000 this year. But he said the loss of the subsidy is not "alarming or critical."

The official, who requested anonymity, said June 16 that the center formerly offered free religious books, religious articles and Bibles which Taiwanese Catholics took to the mainland on visits.

U.N. TRYING TO TAKE ON NEW PEACEKEEPING ROLE:

The United Nations is trying to take on a major new peacekeeping role in the post-Cold War era, said the president of the U.N. General Assembly in a visit to the Vatican.

"We are facing particularly critical situations, especially because of the conflicts that have arisen in parts of the world. The United Nations must demonstrate that it is an indispensable international instrument for world security," the president, Stoyan Ganev, told Vatican Radio.

He spoke after a private meeting with Pope John Paul II June 28 at the Vatican.
