Dear C-Span,

This letter is to let you know how much I appreciated your recent programming - especially the recent call in shows with Dr. Fauci and Larry Kramer and the crime call in with Marc Mauer. Finally some voices are heard that are not mainstream neo-bland like the networks, PBS and CNN feed us. I hope you let all voices be heard on the health care debate, also.

I wrote you before when C-Span was removed from the TCI Cablevision lineup in Colleyville where I live. My problem was solved by buying a satellite dish but I am still arguing that others don't have that access.

Sincerely,
