

Dear Mr. Lamb,

Sept. 30th
1998

You've ruined my weekends!
I've sat (almost) glued to the
T.V. to watch the Book Show,
It is a wonderfully informative
program.

Even 'Cod' - with the author,
speaking on fish - I found fascinating.

I keep telling my friends about it.
Wish you could advertise more -
but I know the budget is tight.

Keep up the wonderful
programs.

There are listeners out there
at book buyers.

P.S. - Hope you come out to L.A. for
the book fair in April at UCLA.
