C-Span-

Once again how could you have a hate monger on C-Span like Richard Nadler? I thought you had more class than that. He just sat there and laughed and couldn't wait till the callers were done to spit out hate. He was one of the worst - I'm sure you'll hear from others. When people are spending their money to call in - I feel they shouldn't be interrupted by someone like scum bag Mr. Nadler. Brian also interrupts them. He can wait till they

are finished to ask his
questions. It's their
money. I've tried to
call so many times &
can never get in.
People must start
calling the night before
to get in - but then
the Republicans can
afford to wait that
long.

Try to be fair
And don't bother
sending me anymore
literature - its never
an answer to my
letter only info about
C Spain. I'm not
interested!
