

1-25-99 Where ARE MORALS?
The country crucified Dan Quayle
for misspelling the word potatoe -
yet it's ok to have Willie
get a b---s--- in the
Oval office on tax payers
time. Or ~~not~~ ^{sex} is not
SEX - ~~not~~ ^{it} is not willie's
GLANS penis a sexual organ!
It was a gaggle in the Oval
office. It's not about
SEX -- he could've taken
her to his/Hillary's bedroom,
but not the Oval office! He
perjured himself on Nat'l
TV pointing a finger yet
try him under Code of Military
Justice.
