Dear Sir,

I am a daily fan of C-SPAN and think you are the only true news network that we Americans have access to. In my opinion CBS, NBC, CNN & ABC are all totally under control of a bias liberal group and that includes their reporting staff. In other words what we the public gets to see on the news is what they want us to see & if it does not agree with their bias view they analyze it until they get it their way! It does not take a so called "Rhodes Scholar" to figure all this out, all you need is to just watch these people in action a couple of times.

I am a taxpaying middle class citizen who votes in every national election & most local ones. I believe in religious freedom and separation of Church & state. Also believe in school prayer & think public burning of our flag is an act of high treason. I am a twenty-two year retired navy viet-Nam vet and a Republican.

The reason I am writing you this letter is to see if can you have a viewer call in show and invite Rush Limbaugh & Phil Donahue to appear? Giving each thirty minutes to state their case. As Phil Donahue has his own show & Rush

has his. This could be a very informative one hour for all of us! Phil had Rush on his show but if you know Phil he only tried to push his own line of liberal "crap" & discredit Rush at every turn because he dislikes anybody who opposes his views. Specially a Republican!

If you will get these two on your call in program you will set a milestone in giving us "lowly" American voters a shot at them instead of just hearing their view of the state of affairs in our country.

Respectfully
