I watch most of your programs and find these of great interest. Today  
I like to send you to read one of my comments in regard to Yugoslavia.

Clinton,s war in Yugoslavia.

For some two weeks or more now, U.S. War-planes invade Yugoslavian Airspace on the order of President Bill Clinton. These war planes fly to this sovereign nation from U.S. and European bases to bomb during the night and days, to destroy bridges, hospitals, oil refineries, warehouses, Government buildings, military instalations, train stations and much more, and many innocent civilians, especially women and kids are hurt and murdered by this act of aggression. We watch in horror on US national TV each day the rubble and fireballs comming from hit places by US warplanes. Entire city blocks have been destroyed and much damage done to the people and nation of Yugoslavia.

And we are also told that this is done to stop the murder of people by Molosovich to other peoples in Yugoslavia.

So Clinton is bombing and killing Yugoslavs because they can,t stop murdering each other, but he will stop these murderers by killing them ? Only a Lunatic or the Devil himself could have conceived such a plan.
