Brian, after giving Bill Clinton
an hour to promote himself (again and again!)
and his book (when did he have time to write it?),
Between Hope and History, which has been de-
scribed as "one of the worst sellers" and unsold
copies are being sent back to the publisher
by the thousands, how about having the
author, or Booknotes, of a well written, well
documented book - Emmett Syrell's Boy
Clinton. Although it contains a lot of what we've
known about this amoral president, there is
much interesting info that had not been made
public.
