re: Rep. Louis Stokes (Ohio's Rep.)

I'm not black, I was not born in the
USA; I came 51 yrs ago to marry a career
USAF officer & became a citizen as soon as
I could do so but not without long reflect-
ion. I have never regretted it. I agree with
Stokes that the progresses being made in cor-
recting racism is so slow we must really re-eval-
uate our program, this morning, was Wonderful!
