Hi,

I have something to say to all these so called reporters I take a pole of course, find out what the people say where I think of you! I can assure you it is not much

at one time I thought Sen. Dale was a fair minded man that he was a republican who had a different view of things, but when he got in line with D'Amato and Newt we saw just how low they would go, I'm sure you have never heard anything bad about D'Amato why don't someone take a real hard look at his past his his standards, I read where he was into drugs I even heard it on T.V. but I'm sure that is a surprise to you

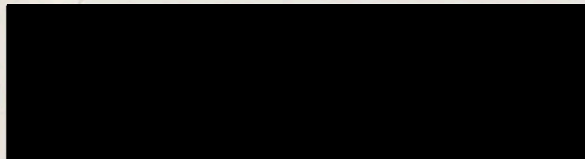

Well I have got another surprise for you, Newt will not be reelected in Georgia! That's a fact!!

Here's another fact the American people are not going to put up with what's been going on in the way the republicans have tried to destroy this Country to bring down Bill Clinton, he is the best president that we have ever had bar none!

Senator Dale's buddy D'Amato can take credit for destroying the republicans in trying to bring down

Our president, after Bill, Comes
Hillary she is our next president
but she will select Bill for two
more times get things just right for
Hillary she love her, and they
can handle Daly, Newt and D'Amato
and the so called reporters who think
the American people believe the dirt
they put out, a reporter reports,
these slim balls make their news,
America is screwed.
