Dear Brian,  
Your series on Rhodes Scholars and Oxford University was superb I watched it all. During my "undergraduate days" I idolized a professor who had been a Rhodes Scholar and have always had deep admiration for both Oxford and Cambridge Universities.

C-SPAN is the finest--also noteworthy is CLOSE UP and John Milewski. I follow him closely and admire his style and finesse, to say nothing of the students he attracts to the program.

The interviewers you bring to C-Span are fine people. Keep them all and thanks again for the great series on Rhodes Scholars.

Sincerely,
