Dear Brian,

God bless you for your efforts...I watched Mort Sahl this AM on your excellent coverage of Radio Talk shows.I am convinced that he is either the best actor in my lifetime OR he is a transplanted Jewish person who lived during the Holocaust times.

When I first discovered how our country had been destroyed 'from within' ...my first thoughts were...NOW I KNOW how those poor people in Germany were duped...My God, how history does repeat itself if we but have eyes to see.

Last night on our TRN Network program that originates here in Medford,Oregon and airs on K.O.P.E. station I had the pleasure of listening to a gentleman who is (?) was(?) a supreme court judge in Oklahoma. His name is Johnson. Also on the program was a Randy Nichols, who was a close friend of Bill Clinton's and worked with him in Ark. These two gentleman have a very powerful message to tell, however they are both in extreme danger, not unlike Vince Foster. Please, Brian, if you can, look into these facts they have to tell.

On another Radio show called Chuck Harder, I know you know him!! He has Mr. Karry Nichols on today. Back to yesterday, A lady called in and told Chuck that there was a major up-rising going on AT THAT moment and that Carden's (this name is not familiar to me) had closed the borders at Tijauna and was talking about "Nationalizing". I called several TV stations here in my area and they had heard nothing. My thoughts are THIS... IF indeed this IS happening, I would believe that the news media WOULD be holding the lid on it.

God bless your continued efforts!!!!A Video is out named"Clinton's Circle of Power". if your interested...Jeremiah Films, Box 1710, Hemet, Calif. 92560. or 800-253-8273....\$22.95.

God bless Americans.....
