

TYPICAL LAMB GUEST HOST..LYNN
SWEET..VERY ARGUMENTATIVE LEFTY

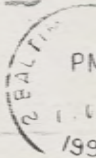

It looks as though Brian Lamb head has swelled too much, given his power over the once fair/balanced C-Span agenda. When he started that free-speech stifling three phone lines and promising to eliminate it after his man got into the White House, his word became as good as his idol, Clinton. Now, he has a dictatorial method of telling the callers they must have a newspaper article that suits his favor. We hope that the callers will eventually call on a different line than is their political affiliation so as to drive him nuts.

What will he do then? He seems to think that his brains are much superior than the callers. HE IS A LIBERAL DEMOCRAT AND HE IS RUINING C-SPAN TRYING TO HIDE IT. His stooges...Susan, Paul, Lew, Connie, J.J....all have to state the political line the caller is on and screening is so evident. What Next... ..a gay line, a black line, a fem-lib line, a Clinton line.. but no white christian conservative line??? Lamb is an idiot and wishes to censor anything he does not wish to be heard.

NOW WE HAVE SUNDAY GUEST HOSTS...ALL LIBERAL DEMOS..
