Dear Managers of C-span:

We were terribly disappointed yesterday when you did not carry Ross Perot testifying before the Senate Banking Committee on "NAFTA". This is not the first time you "blacked out" Perot. — You did not carry him when he testified before Congress last week. — We are members of "United We Stand, America" and carry considerable power in our country & voting strength.

C-span has lost its creditability with me. At 10 o'clock "C-span" had the Jewish Memorial of the Holocaust. The other C span had on garbage about the Homosexuals & Lesbians. One would be under the impression that you were promoting it. over

I will never waste my time  
with "C-span" again!

This whole episode tells me that  
you are for NAFTA. — Evidently  
you haven't read it — or there  
are those so greedy to get rich  
they'd sell their own Grandmother  
for a nickel!
