Mr Lamb Sir

JUL 13 REC'D

Some historical decisions can
Be changed and done tastefully
with mark of distinction and
Be Kersed for all time.

Step in that direction would
Be to in vite author of Book
him self to Book Notes.

On Sinking of U.S.S. Indianapolis
World War Two incident in Pacific

When a lone Jap Sub Sunk
Heavy Cruise and lost of many
of its Crew long ago in the War
then.

I dont Believe that our great past
Sea admirals of Pacific War
all Heroes then serve in history
Wanted any thing to do with
Court Marital of Captain of
that ship fleet admiral him
self.

Nimitz a his Sea admiral
Halsey and admiral Spruance
his Top Sea going Commmanders there
its was forced on them by top
Civilian in our government at
time thata my opinion Mr Lamb

Captain M^cVay should have been
giving a Medal he helped

Shuten was he transported his ship
H. Bomb from San Francisco
to island of Tinian it self

He lost his ship after it left
Tinian But sorrow full event

lost of his ship and many of
his crew and officers killed and
lost to cruel sea.

Must have great strain on
his life then add Count
Mantel trail later was

just to much for any man
to handle he later took
his own life many years after
at his house in Connecticut
Right and Honorable thing to
do now for his family
and his former ship mates of
old Indy he self still a live
Would be to re state his
name and promote him
to Rear Admiral and give him
and his crew members a Medal
of Commendation him post obitum

Why Not history is
filled with a writer of it
and change its called

New kind sight not seen
then in those times past

it make good public
relation to author

should have most of facts

45 year later to make

a judgement of new decision
a Not is Warranted in

Case of late Captain Charles
Mc Vay. U.S. Navy. Sir

Sincerely yours
for of Book Notes
