

July 27, 1994

Ladies & Gentlemen,

Please read the following and then give us a fair and accurate presentation:

Sunday Telegraph 17 July 1994 "Clinton 'took cocaine while in office'" (Front Page News).

The Economist 9 July 1994 "Whitewater Curious-er" (peculiar pattern of suicides and violence that surrounds people connected to Clinton: Vince Foster, Kathy Ferguson, Bill Shelton, Jon Walker, Jerry Parks, Gary Johnson, Stan Huggins, etc...).

Sincerely,

*Suggestion*
