Dear Staff,

Congratulations on
your continued in-depth
coverage, discussion and
analysis of World ^(foreign) and
North American politics
and related affairs

As a Canadian
residing in Florida

in winter, I was particularly
pleased to watch the
opening of the Canadian
parliament two nights ago.

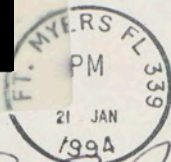

Without C Span and the
CBC in Canada, we would
be a less enlightened
populace.

This Friday morning
many of the viewers calling
with their opinions are
also complimenting your station.

Sincerely,
