Dear C. Span:

I have thought so many times since the Gulf War I would write this note & tell you what a marvelous job you did reporting it, I think the American people know that is really about since seeing your coverage of this. I really enjoyed the briefings & the people who gave them.
The recent article in the recent issue of Reader Digest helped me make up my mind

I must write you. It was marvelous!!
also the articles about Time Magazine.

Sincerely yours,
