C-SPAN

Dear Friends,

It's not surprising to see C-SPAN making a special effort to interview William Weld, Mass.'s Brahmin Billionaire candidate for governor and to witness the accompanying interview charades you are doing for propaganda effect. I would be surprised if

C-SPIN DID NOT join in Rupert (super-fascist) Murdoch's media empire, the voice of Reaganism, - and its 2 year old destabilization assault on the state of Mass. and its democratic government - fueled and funded by \$10's of millions from the never-ending supply of Brown Bag Billions from the Republican Nat. Committee's covert and always overflowing war chests.

Following the pattern of the past 10 to 12 years - we now understand that with the stranglehold of Reactionary Big Business money and elite monopoly (especially the notoriously slanted cable channels) these reborn

sons of Dr. Goebbels can destabilize and video-bury any area they want to - and smear and crucify specific candidates at will with their super-network of agreeable TV shills and "NEWS" experts.

It is obvious to at least some of us that Conservative-SPIN is just a COG in that propaganda mill called the Bushco's Big Business Colonialist Bandwagon. (USIA Branch)

The underlying strategy behind this massive BIG BUCKS Campaign against the Democratic Party - using Dukakis as the goat and target-excuse (The Big lie TV smear campaign technique requires a Carter-Villain to attack and smear and then hang him on the neck of the enemy to bring him down by guilt through association - just observe the RAPPER-POT campaign) and thereby to chew up Democratic strength - one Region at a time.

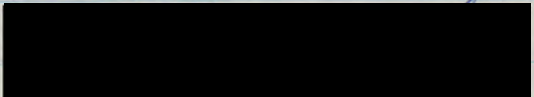

Re-apportionment is coming up next year - and this political tactic is part of the ROLLINS gameplan to upset a democratic working peoples' political bastion and eventually to overthrow Congress.

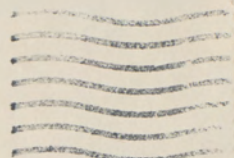

As usual C-SPIN is playing the part assigned to it by the Billionaire Bushes Agenda - like it was just another of JACK PERKIN'S USIA/CIA Departments.

By the way - the newest Goebbels-technique / propaganda ploy of relating to ~~us~~ those letters - to - C-Spin is really cute, especially the hilarious letter that accuses the Spinner host and phone bank political sifters of helping "liberals" to dominate the call-in shows - (that old time-honored anti-liberal tactic used by ABC-TV and Reed Irvine since 1969.) - Quite a selective and reactionary system of reviewing letters - Typical!

I don't suppose you would publicize a letter criticizing you for the way the Programming and rerun schedule relegates - ALL - left-liberal or Progressive (and new RARE) air time to specifically NON-Primetime and the reruns - inevitably, constantly and always (for the past 4 years) to the Dead Hours between 3.30 and 6.00 A.M.

Congratulations to the minister of Propaganda, Terry Murphy - (what a disgrace to the old Sod.) I hope - when he reviews the film - "The Molly Maguires" - starring Richard Harris, who played the Notorious Pinkerton, Mr. McParland, the informer - he can relate to that particular spot of low SCHM. —
