Mr. Lamb:

Please publish on Cogan immediately the names
ranks, military service, current address
and pensions of all Admiral Cogan
and the entourage of other retired
military officers who induce Clinton
for President on your network.

Please be very precise and rotate
this printed information slowly. We
have a right, indeed a responsibility
to have this information since this
is no longer a group of retired people
but rather public figures. They,
themselves, made the decision to go
public.

What tripe about "the last tycoon" Clinton's many
Jewish advisors have dreamed up? "you can
pull down all the people all of the time...."

Mr Lamb, I have watched every one of your programs
for the past two weeks. Don't you dare claim
to be "objective" - that is utter rot! Lickson, Unger
and Berkowitz all at once? WW II Vet
getting admission, aren't you? a volunteer not a drafted
