Dear Brian/Bryan

I am so disgusted with the
forever statement "Clinton lies".

I have had a book, for several
years, "There He Goes Again"

Ronald Reagan's Reign of Error
by Mark Green & Neil MacColl.
telling of lies of Ronald Reagan.
However it does not mention
Reagan 1st marriage to Jane Wapman
and his 2nd marriage to
Nancy! Nor of his statement
several years back that he often
woke up after a party with a
strange woman beside him.

Why do they still hide the
fact of his Alzheimer's^(sp?) while
he was in office. Just how
bad he was?

The media is always telling
us "we have the right to know"
I think we also have the right

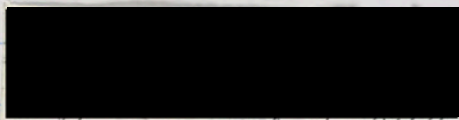

to know things in the life of the reporters that are giving us our news - Have they ever lied, Have they had premarital sex or extramarital sex, Have they ever broken the law - What kind of husbands or fathers they are. If we have this knowledge we can better judge what kind of people we want giving us our news.

Back to Reagan - Why be so nice to him - Have a discussion about the book and give the authors an. If there was ever a president got off easy in TV media its him. By the way I knew of his #1 wife + have to marriage for years ago when I was more interested in movies - not from T.V. I will soon be 73 + it's my opinion that he was a busy parent.

I also think it's terrible that they
let the Republicans claim for Reagan
as defeating Russia

What in the heck don't all of
us get credit for winning the
Cold War with all the programs
in effect that wore Russia down
after all the years our taxes spent
on wearing them down.

Why do the media let this go on?
