

Bryan. Thank you <sup>50</sup> for much for  
having David Brock on as your  
guest on BOOK NOTES. It's been said  
he can only go on main stream media  
if Ms Hill's attorney is there to repete...  
And Larry (what's the question?) King  
refuses him outright! I can believe Mr.  
King would do that. He is a liberal &  
has taken a position on the subject that  
she is the one being believed - I agree with  
Mona Charen (good show on Mon with Tony Lewis)
