Hi

5-30-90

JUN 12 ANSD
He do a radio talk show on
prison issues on KPFT, a Pacifica
Station. He have the only show of its
kind in the world. He do a secular
show which is a critical analysis
of the criminal justice system.
Our second hour is call-ins from
friends and family of convicts.
Convicts can't talk back but they
listen in prison. All convicts are
invited to be on the air when they
get out. Our founder and producer,
Ray Hill, is an ex-con.

He would like for you to
televise our show because we
would like for others to start
similar shows. Its the only
communication some poor people have
with their family in prison.

Thanks,
