

I (Dear who it May Concern!)

Elizabeth Dole was in California  
and talking about drugs coming over  
the borders.

O-RTTW

Well most around here felt  
she should of done her speech in  
Texas.

That's where alot  
of the ~~the~~ drugs are coming  
through. Anyone with any sense  
knows this.

# So please ask Mrs Dale  
Why she didn't pick Texas to make  
her drug speech. It wouldn't  
be because she's protecting G. W.  
Bush would it?

So will be watching to see  
if you'll ask Mrs Dale this.

also ask G. W. what he's  
doing about drugs sneaking through  
Texas. Take care & will be  
watching. Signed =
