

The Gossip about the President
is like the game we used to
play - tell one person something
& then pass what's said at the end.
(Deater, #13601)

Off, as a Caller
said, Larry Flynt
should be the Democrats
"Pasterboy"; may I say
The paster "boy" for the
Republicans, should be
Livingston, Burton, Hyde
Ginsrich, and certainly
good ole Barr! They think
their Adultery is ok because
they werent under oath!
What Garbage!! Everybody
knows the right-wingers
and Republicans have been
after the President since day
one. If he was as guilty of all the
things they've accused him of, he'd
never be able to get out of bed! It's all
a vendetta! Let all the House & Senate
stand up who has not lied!
Thanks,

The Pres. has spent his life
in service for the Country.
He should never be
impeached for lying about
killing self -
