Mr. Bryan Lamb
C-SPAN
WASHINGTON, D.C.

Dear Bryan,

I am a ten-year follower of C-Span.
Have repeatedly told my Cable Company
(United Artists) that without C-Span I-II
I would cancel my membership and turn
off my TV.

I would like to make a comment
concerning that latest show with Ted
Barnes and the female Sun-Times
reporter.

Some criticism was given to your
choice of guests being too heavy on the
side of journalists.

In my opinion with few exceptions
I find the journalists much more interesting
than the parade of sad politicians you have to choose from.

I am voting for Jerry Brown today in the
Michigan Primary, not because of his charisma,
but in spite of his lack of it. He represents
complete change from the political status quo.

I will continue to vote and follow C-Span
closely. Keep up the good work.

P.S. I was a resident of Lafayette and W. Lafayette, In.
from 1952 to 1965. Although you must have been
quite young then I regret that I never ferrew
you then.
