CSPAN
Washington, DC
(Brian Lamb)

Dear Sir:

I have always enjoyed the way
C-SPAN reviews the past - D-Day - ~~WWII~~ etc;
Then Watergate 25 years later. Where
did you find those clowns?

Leonard Garment - He thinks Nixon was framed,
he rambles about - never answers a question. What
a joke. What Law School did he go to? Don't
want my grandchildren studying torts or
criminal procedure at his ~~alma mater~~
ALMA MATER.

John Dean - Glad he never worked for me,
he would have said anything to Sam Ervin
to keep out of the shower room at Leavenworth
on later motion. How could he be facing
the world - so smug. They only cried when they got caught.
Howard Baker - Reported rightly to the
Nixon White House as what went on at
the private meetings of the Ervin committee.
No Elder Statesman he, a Nixon man until
almost the very end.
