To Brian Lamb
and Susan Swain;

In answer to Susan's statement the other morning that you want to know whether people want anything changed on C-Span, let me sound a definite No! your station and staff are the best thing on television. I just des. Covered C-Span in the last few months and it is the best. I only wish I could get a call into your guests - seems to be impossible.

Your staff does extremely well but you two, Brian and Susan, are wonderful. I can never tell what you really think about any given subject - true professionals!

Thanks again for making television worthwhile!!!

Sincerely,

(Mrs. Wm.)
