Re: About Books - and other things.

On 26 May Brian Lamb did an interview with publisher Judith Regan. Really it wasn't much of an interview, it was more Lamb's come-on to Regan!! Lamb was making a play - and it showed. So much for About Books! What kick-back and free promos does C-SPAN receive from the publishing houses??

Lamb has also been promoting the C-SPAN scholarship winners - big time (ain't C-SPAN a good guy!) Frankly, most of the projects that I saw (the winners!) were quite tacky - the posters, poems, etc were of retail low quality, about 5th grade level! Yet C-SPAN triped it to death - and, worse, awarded scholarship money for this junk! Really sad, and a farce!

Also C-SPAN's "Programming on the Prevue Channel" is nil, nada - in other words, worthless. Today at 11 a.m. E (28 May) Prevue lists House of Representatives on C-SPAN - hell, the House isn't even in session the whole week!!

Viewers are trained in the C-SPAN mantra: "Thank you for C-SPAN!!!" It's a joke! RESPOND!
