to Bryan Lamb —

While you may not have "promised" to change the three-phone-line arrangement back to the pre election arrangement — you did imply state that this would be the case. I have heard both you and Susan Swain on Nov. 15 and Nov. 14, respectively, avoid answering callers who brought up the issue. You seem to be so amused. What's the problem? Why don't you simply state your position? Anything wrong with that? I'm disappointed in your attitude.

P.S. Maybe you are being assured to do this?
