C-Span Viewer Services:

We would like to say "THANK YOU" for showing the public the Lincoln Day Dinner sponsored by the Claremont Institute. No other station does a service like this.

Listening to Speaker Gingrich, it makes us stop and think what a brilliant man he is. Spellbinding. How fortunate we are to have a man of this calibre as Speaker. This has never been apparent before---the past speakers have been dull!!

Rush Limbaugh! Love him or hate him, he also makes us sit up and THINK. Reading of his background, his father and his grandfather were brilliant people.

6-NEWT

~~Both Rush and Newt speak what we should be practicing; it is sad that we have a segment of society who would do otherwise. It is also sad that we have so many media gurus who would have us despise them. The future of our country depends on how we conduct our lives. Let's not destroy it. It is also sad that we have so many "lamebrains" who can't see the forest for the trees. MAYBE ALGORE CAN SAVE THEM..~~
