

I am disgusted with C-Span. Twice I tried to reach you as a first-time caller. Both times I know I reached a live line, because it was ringing. And after several minutes I was cut off completelu. That is why I> forced to communicate by ordinary mail. We are both very old and my retirement income no longer allow^s that. By the way it>s Mena Arkansas, not Arizona. You Easterners think, like George Bush, that it's a Texas suburb ^{Mena}. The Republican thinks there should be no seat belt law because there violators. So we should rescind all laws about fraud, robbery murder, rape and murder? Rubbish.
