My local cable co discontinues C-Span  
at 5:00 p.m. pacific time and replaces it with  
Black programming. It is done automatically  
and sometimes cuts a congressman off in  
mid sentence on an important topic. - Very  
frustrating -.

I have done my best get them to broadcast  
C-Span in its entirety. I would gladly pay  
more for this important service but they still  
refuse.

Their add is Comcast Cablevision  
24769 Redlands Blvd.  
San Bernardino, Ca.

Would you please contact them and see if  
you can change their mind.

Sincerely:
