Dear Sir, March 15
I just heard 60 1998
minutes tonight what a jam
& mess Clinton is in. but
that is just a drop in
the bucket, please read the
book "The Secret Life of
Bill Clinton, The unreported
stories" written by Ambrose
Evans - Pritchard. what a
great book its unbetterable,
among the secrets Evans -
Pritchard exposes.
Now Evans - Pritchard is
breaking the biggest scoop
of all - an assiduously
documented expose of the black
water scandals - the scandals
that have gone unreported
in the American media.
but that characterizes the
Clinton Presidency as the

Was the most ~~corrupt~~ corrupt
in history, among them the
exposés is the Oklahoma
city bombing, as a government
sting operation that flew out
of control when the stingers
were outstring, Pritchard
tells the story that the F B I &
the justice department don't
want you to know.
Ex witnesses to corruption
in clinton's arkansas, many
have met with brutal
harassment, physical
~~in~~ intimidation, in some cases,
even suspicious deaths. Those
who survived tell Evans
Pritchard their story.
Bill Clinton's involvement
in the drug underworld
of arkansas, Evans Pritchard
talks to the smugglers, the
arkansas state troopers.
The federal agents &
Prosecutors, & the young ~~the~~

3 girls who were the
victims of "the goodtimes"
The true story of Vince
Foster's death - what the
official ~~report~~ report won't tell
you, but what eye-
witnesses saw, & why
the government is being
~~sued~~ sued for
falsifying sworn testimony
In the aftermath of Vince
Foster, the shocking story
of the murder of Jerry
Parks, head of Clinton
security in Little Rock
why Parks predicted his
own death, why the left
was right about men
airport to Evans-Pritchard
discovers the missing
evidence, he has written
the Clinton book of the
year. Well I was so
surprised that Vince
Foster was in the drug

3 thing, he gave \$1,000 to a
man to get the drugs &
they would fly or by
train bring Cocaine,
& other drugs from Columbia
& I think give Foster the
money, he would tell where
the drugs were to go etc.
well just read this book
it says later I believe
that Bill Clinton had my
father killed to protect
his Political career.
& all the killings & murders
that was going on in
Arkansas, I could go on &
on but just read this
book he just lies & lies
& lies. Please do not use
my name or address to
anyone. Thank you.
Sincerely, [redacted]
