

Hello;

June 2, '91

you're right each
person should have
equal. But you fail
to want those that
don't see eye to eye
the way you think.
The trouble is the
black community we
heard speak aren't
for equal rights!

All a person need
do is - look at a TV

screen to see the
blacks have more than
equal.

USA have ~~for~~
12% non whites - 88%

Get to Big Bro - Big Sis
see the low % Black ad-
verse. 14% of blacks
are a lot.
