Let me say I (we) have been watching
on C-Span both the ^{sen.} Ethics C. and the
Persian Gulf Crisis (debate) - I am sick
of people like Edward Kennedy & others
who show such dis-unity in this
country - they are up to their old tricks -
again. They add fuel to "Saddam Hussein"
and his invasion & the DICE consequences
of this man (loosely), Mamâc is more proper,
he allowed to continue - believe me it
(matters of the world's safety) will get worse,
much, much, worse if he is allowed
to get away with what he is doing!
Re: the other - Sen. Inouye^(sp), talked in
testifying (which I thought was wrong, wrong
wrong) - but, ^(we) he talked of "as example"
Sen's meeting about the sugar industry -
well the sugar industry as a whole is

completely a different situation! He should
"bother" to look into matters before he jumps
in — in ^{my} opinion the bunch are
crooks, could be a couple or one
was naive — but I "really & truly"
sort of doubt that idea, also!

Deconcini & Cranston, Keizer, McCain
and Glenn were WRONG & crooked
to do this — try to change the
regulation & protect this man's
A — ! They know it! (Keating)

Deconcini's appearing to make his
"speech" — he interviewed (without taking
calls) proves to me (us) he is a bone-
headed, chicken little & a crooked bone-
headed, chicken little at that!

I have watched the whole matter &
written so many letters my wrist
is sore. They did wrong — it was
(5 Senators — 4 they keep saying)

crooked and it's as Simple as
that.

Deconcini's coming on C-Span irked Me!
— NO & NO —
