

R.O.W.

To Mr. Brian Lamb
CSPAN suite #650
400 N Capital St NW
Washington, DC. 20001

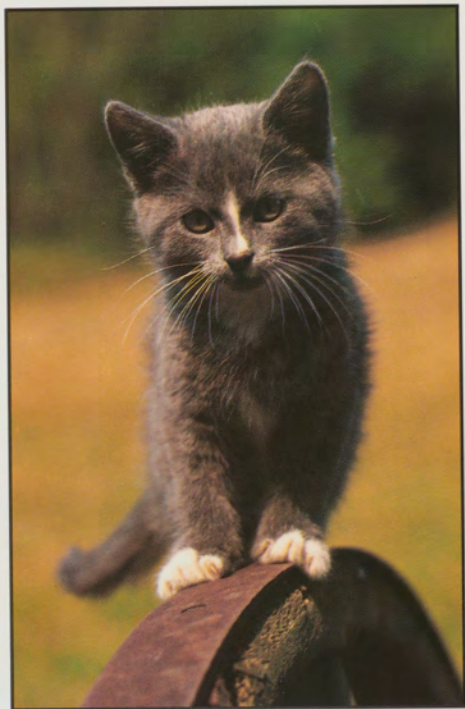

Mr. Lamb,

If CSPAN censors the calls from viewers,
we might as well go back to CNN for news
views + polls. Larty, Judy + Mr Schneider, et al.

Please don't try to manipulate the voices
we don't hear anywhere else. Please give
your viewers credit for being able to
think. We know when a string of calls
sounds phoney, + they come from both sides.
If a majority of your calls are saying
the same thing — don't silence them,
perhaps the important information to be
digested is the number of calls, +
not what they are saying.

CSPAN should always be open lines,
Please.

Unfiltered, Unscreened, full coverage, IS CSPAN.
